Since 1985

STORY OF MR.KEN

Originated in 1985 Taiwan, Mr. Ken started professional ceiling fan design, production, and distribution in Thailand, seeing great potential in the market.

Over the years, Mr. Ken has become one of the leading brands in its industry, trusted by top designers, worldwide hotels and resorts for its superior quality and unique designs. Mr. Ken's revolutionary vision of integrating ceiling fans and innovative designs into decorative art reinvented them as a reflection of personality and lifestyle rather than mere cooling devices.

Driven and inspired by the passion for creativity and imagination, our mission is to provide the ultimate ceiling fan experience, dedicated to deliver excellence in ceiling fan functionality and aesthetics.

From solid wood to
a perfectly crafted creation.
Every step is shaped with
meticulous care to reveal
the true beauty of
natural materials.

KEN

ARTISAN-CRAFTED
WOODEN
FAN BLADES

BIRCH WOOD

SUSTAINABLY CRAFTED

Crafted from premium birch wood – durable, lightweight, and reliable.

Wooden blades that embody the elegance of motion and natural airflow. Showcasing the beauty of authentic materials while creating an atmosphere of calm, comfort, and refined sophistication.

PRODUCT ADVANTAGES

01 Drive System

- Self-developed permanent magnet synchronous motor (PMSM), characterized by its small volume, large torque range and strong power
- High quality neodymium iron boron magnetic steel, never demagnetizes
- Registered patent design, perfectly matches with commercial venues and industrial plants
- Easy maintenance, operation lifespan of more than 10 years

02 Control System

- Independently developed controller matches with different models of fans
- Shifts modes and scales smoothly, noise level is low and can be used even in the bedroom
- Optional handheld remote control or wall controller, can be used in various private or public spaces

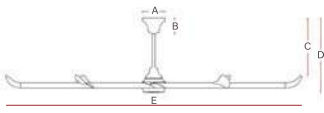

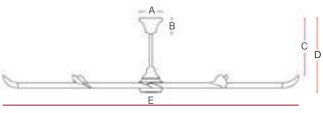

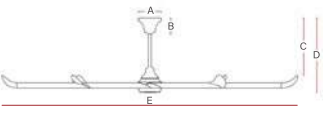

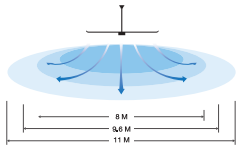

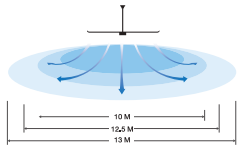

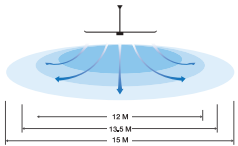

03 Fan Blade System

- The fan blade is made by aero-grade aluminum-magnesium alloy and extruded by 1500T extruder, the surface is anodized, corrosion-resistant and easy to clean
- Helicopter wing-shaped fan blade has several built-in 2mm reinforcements, high-strength and light weight
- The motor is embedded with fan blade holders, the plate is made of high-strength, cold-rolled steel plate, which makes the fan safe, reliable and easy to install

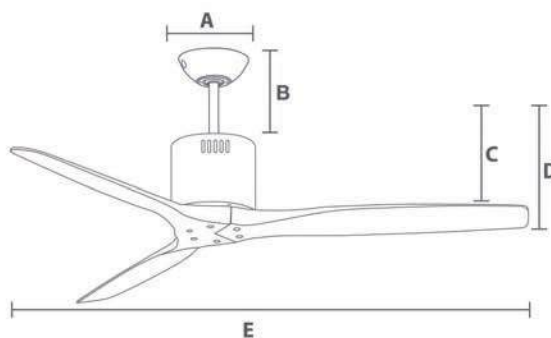

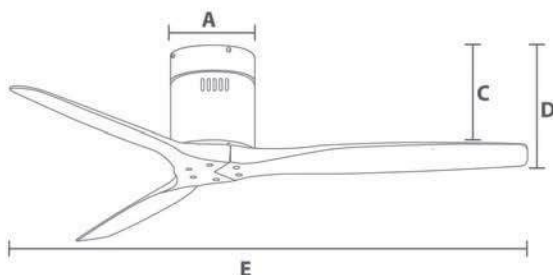

04 Safety System

- Bold and thickened suspension rod structure, with high temperature powder coating on the surface that never corrodes
- Built-in 3mm stainless steel wire ropes to prevent fans from accidentally falling
- Specially designed motor shaft, made by high-strength steel with heat treatment, thickened diameter and shaft to prevent stress fatigue fracture, as well as surface chrome plating to prevent rust
- All fastening pieces are high-strength grade 12.9 screws with nickel plating treatment on the surface

ESG

 ENVIRONMENTAL Improving product packaging by replacing foam with molded pulp and changing glossy white coated boxes to natural brown cardboard, in order to reduce environmental impact. 	 SOCIAL Caring for employees and providing a safe and fair working environment, while delivering high-quality ceiling fans to customers. 	 GOVERNANCE Conducting business with transparency and integrity, following good governance principles to build trust with customers and partners.

CONTROL SYSTEM

REMOTE CONTROL & WALL CONTROL

DC-1 #1605

Feature : 6 Speed Remote Controller
Light On-Off / Reverse Function
Battery Type : AAA (1.5Vx2)
Body Finish : Black
Dimension (mm) : 40 x 140 x 11

WCDC1-S MB #1605

Feature : 6 Speed Wall Control DC
Light On-Off / Reverse Function
Body Finish : Black
Dimension (mm) : 85 x 85 x 45

WC DC1-R MB #1605

Feature : 6 Speed Wall Control DC
Light On-Off / Reverse Function
Body Finish : Black
Dimension (mm) : 70 x 120 x 40

WC DC1-R WH #1605

Feature : 6 Speed Wall Control DC
Light On-Off / Reverse Function
Body Finish : White
Dimension (mm) : 70 x 120 x 40

WC DC2-R WH #1605

Feature : 6 Speed Wall Control DC
Body Finish : White
Dimension (mm) : 80 x 115 x 51.6

WC DC2-S WH #1605

Feature : 6 Speed Wall Control DC
Body Finish : White
Dimension (mm) : 86 x 86 x 48.5

WC DC2-S MB #1605

Feature : 6 Speed Wall Control DC
Body Finish : Black
Dimension (mm) : 86 x 86 x 48.5
